

Monthly Newsletter October 16, 2024

### What's New ?

- 1.) We have some more new items in the IMMEDIATE GRATIFICATION Door Prize bag.
  - Reusable Wire Ties
  - Beadle Wraps A different type of reusable tie
  - Utility Marker Safety Flags, Hot Pink
  - Quick Poles
- 2.) Your website administrator installed an updated version of the Chat Room app. The intent was to obtain two features that CARC Members identified as desired:
  - Date and Time Stamp on each of the posted Chats.
  - A listing of the CARC Members who are in the Chat Room.
  - Neither of these features worked correctly following installation. Your admin hopes to pursue a corrective fix with the software developer.

License Exam The Nashua Area Radio Society (Nashua, NH) offers license exam training classes on a frequent
Training Class basis. Some are online. Others are conducted in-person. Check their website for current
information. <u>https://www.n1fd.org/amateur-radio-license-class/</u>
License Exam If you know of any upcoming License Exam Training classes please let AF3I know so that they
Training Class can be listed here. The ARRL website has a search tool. The classes I found were listed behind
the keyword "online". http://www.arrl.org/find-an-amateur-radio-license-class
CARC Weekly Every Thursday at 10:00 a.m. Location: Sometimes at Caffe 101 in Boiling Springs, PA. On the
Coffee Time corner, across from the clock-tower and diagonally across from the Boiling Springs Tavern.
Sometimes conducted as a Zoom Meeting. Check with Richard Johnson N3EPY for info.

If you have Calendar items that you would like to share with your fellow CARC Members please send them to the Newsletter Editor – Andrew Forsyth AF3I. He can be reached by eMail sent to: <u>AF3I@RadioClub-CARC.com</u>

CARC Two Meter VHF Digital Net	Every Sunday evening at 6:00 p.m. local time. 146.490 MHz FM Simplex. Most likely we will be using OpMode THOR 22.		
	If you have experience using Sound Card Digital Modes you will feel at home with this digital net. Mostly informal in terms of conversation topics.		
	If you have not yet experienced the pleasure of using Sound Card Digital Modes you are invited to seek assistance. CARC Members have all kinds of skills tucked away in remote corners of their universe. Some of these members maintain a low profile. However, if you ask they will spring forth and share their experiences with you. You could send an eMail message to <u>ELMER@RadioClub-CARC.com</u> and one of us will crawl out of our den to help you.		
CARC Two Meter Phone Net	Every Sunday evening at 7:00 p.m. local time. 2 meter band. 146.490 MHz FM Simplex. Also available through EchoLink Node 259045 or search for station AF3I-L. EchoLink is great for licensed Amateur Radio operators who have no transceiver and/or no antenna. EchoLink is equally great for anyone who resides or travels outside our local area and wishes to stay in touch. Visit <u>www.echolink.org</u> as a starting point.		
CARC Ten Meter Phone Net	Every Wednesday* at 8 p.m. local time. 10 meter band. 28.400 MHz USB In case of other activity of that frequency tune up or down the band a few kilo-Hertz looking for us. *Except Monthly Meeting Night on the third Wednesday of the month.		
	Editor's Note: We could use some new faces on this net. Attendance has dwindled to record low numbers. Give it a try. If even one of us can hear you that person can relay your comments.		
21 RepeaterGroup	145.210 MHz <u>https://groups.io/g/21repeatergroup</u> On occasion I tune to 145.210 MHz and find something of interest. They draw a large crowd.		
Website	http://www.kb9at.com/ AF3I writing: I use this site because it contains a link to the FCC License Search site. You might find other interesting content on this site.		
Website	https://www.k8zt.com/ Anthony Luscre has more information packed into this website than Carter has pills. Even if you don't need his information today, you probably will need it sometime soon.		
RigPix	<u>https://www.rigpix.com/</u> Steve Hancock N3FWE recommended this site. Your Editor visited the site as part of his due diligence process. It is there. Steve was correct.		
YouTube.com	Ham Radio 2.0 This is Jason, KC5HWB		
YouTube.com	Ham Radio Crash Course This site is maintained by Josh		
YouTube.com	PAR RADIO TUES		
	Ham Radio Tube This site is maintained by Mike, K8MRD.		
YouTube.com	Search the site for DAVE CASLER. He usually has something good to say.		
YouTube.com	Search the site for ARRL HQ. You be the judge of what they have to say.		

Why the YouTube content listings? I thought there might be some ham radio hobbyists among us who otherwise would be unaware of what exists out in cyber space. I invite you to enjoy what you find. I encourage sharing. Tell me about your discoveries and I will post them for the benefit of our readers.

Or, post your discoveries on the club's groups.io/g/RadioClub-CARC site

## Contest Exchange Corner

To help stimulate interest in some upcoming contests I am listing their Contest Exchange – what you should receive and what you should send.

Note: The abbreviation S/P/C, when used in conjunction with a Contest Exchange, refers to US <u>S</u>tate, Canadian <u>P</u>rovince, or DX Entity (<u>C</u>ountry)
